

Vehicle Purchase by a US Citizen

Customs Broker is Mandatory for this move.

We recommend Norman G. Jensen Customs broker in order to obtain Customs clearance for this move. They will provide us with the necessary paperwork for our driver to present to US Customs at the border crossing. It is also useful but not mandatory for you to supply the following.

Vehicle Transportation – US Customs paperwork

In order to ship your vehicle in the most expedient manner we require proper documentation for US Customs. We prefer that you return all documents by Purolator courier (you should make and keep copies). If you choose to fax us copies, they must be very clear and the originals left in the car.

Compliance Letter – (Not required for a US titled vehicle)

You must obtain a compliance letter from your vehicle manufacturer. We can provide phone numbers if necessary. If the vehicle is non-compliant, there are often exceptions allowed. Please sign the enclosed HS-7 and EPA forms in case these are required for minor compliance issues.

Copy of Passport or equivalent

Either a copy of the photo page of your passport OR your photo driver's license plus birth certificate is required. Please make a very clear copy using a picture or other appropriate setting. The quality of a document declines when faxed so make sure that you start with the best possible quality.

Copy of vehicle ownership

A copy of the vehicle ownership is necessary. Please use a dark original setting on the copier to insure a light enough copy. Fax transmission can result in documents that are too dark to read.

Booking Form

In order for us to have accurate data to book your move, please complete the enclosed Booking Form. The addresses and phone numbers are particularly important. If you will not be available to receive your vehicle, please list alternative information.
