L. Hansen's Forwarding Ltd.
Attn: Mike Hansen
30 Dynamic Drive
Scarborough, ON M1V 2W2

Dear Mike,

Since 1981, United Van Lines has been using L. Hansen's Forwarding to move vehicles on behalf of families using our moving services to relocate their household goods within Canada and throughout North America. Hansen's dedication, professionalism and commitment to quality service has always made your company an easy choice for us when arranging these services for our customers.

Over the years, we have worked in partnership with Hansen's to develop programs that are beneficial to each of our companies. The business relationship has grown to include moving vehicles for many of our valued corporate accounts including the Canadian Federal Government which is the single largest account in the moving industry.

As United Van Lines has grown, Hansen's has always been there to provide high quality professional service. United's other divisions, Mayflower Transit Canada and Unigroup Worldwide UTS Canada have also come to depend on Hansen's quality service.

On behalf of all of all of the divisions of United Van Lines, I would like to thank Hansen's Forwarding for many years of exemplary service and we all look forward to continuing to build on our partnership into the future.

Yours truly,
